Subject: Request for interview for special forces documentary series.

Dear Mr Ehud Barak

I am a Producer/ Director working on two military history documentaries for a London based production company called World Media Rights (www.worldmediarights.com).
The films are part of a TV documentary series examining elite special forces operations worldwide. The series will air on the Discovery network in the US, UKTV (part of BBC Worldwide) in the UK and will be distributed internationally by IMG.

I am working on two films examining military operations allegedly conducted by Israel: the assassination of Khalil al-Wazir in Tunis in 1988 and the bombing of
the Al-Kibar nuclear facility in Syria in 2007 also known as “Operation Orchard”. My Associate Producer Delphine Gilson and Israeli Researcher Nava Mizrahi have been Cced in this email.

The aim of our programmes is to look at the meticulousness of elite military operations carried out by Israeli forces from a historical and military perspective
and highlighting the importance of such successful operations.
Alongside yourself, we hope to be speaking to a wide range of political and military commentators from the US and Israel. Contributors to previous series have included Shimon Peres, Amos Eiran,
Muki Bezer and Amir Ofer.

While I understand the restrictions in talking specifically about certain details of the missions, your role at the forefront of operations – more specifically
in the killing of Abu Jihad and your expertise as Minister of Defence and Prime Minister of Israel would be of great value to our programmes.

I will be travelling to Tel Aviv at the end of the month and would be most grateful if you would be open to a filmed TV interview to be included in our documentary.
However, I understand that you are currently travelling internationally, so if a different location or date is easier for you, please do let me know.

I fully understand the sensitive and restrictive nature of the information which can be shared and so will take your lead in terms of the line of questioning.

I would like to thank you in advance for your consideration and look forward to hearing from you.

Kindest regards,

Ned Parker.
